Sant Gervasi - Galvany / Barcelona

Duran Carasso presents an architectural gem on the prestigious Pau Casals Avenue, in the heart of Barcelona's upper district.

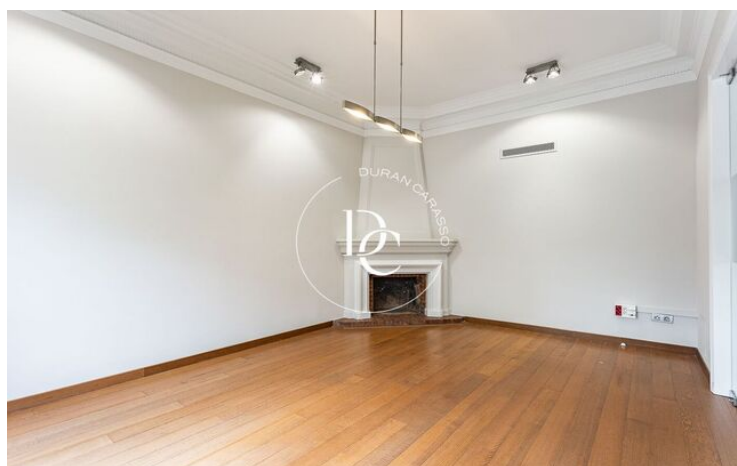

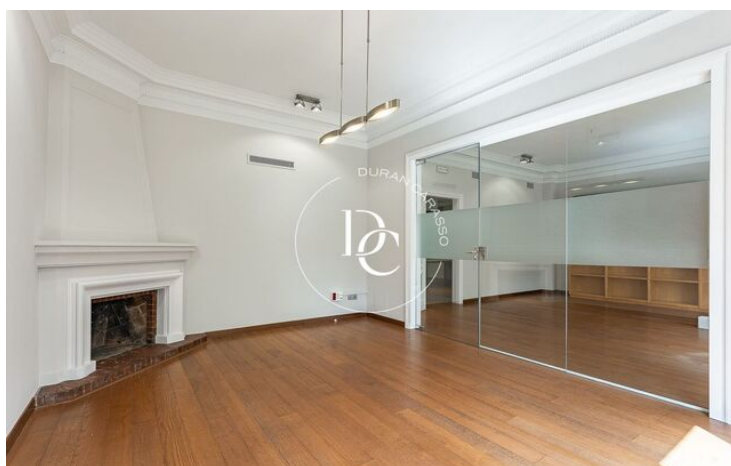

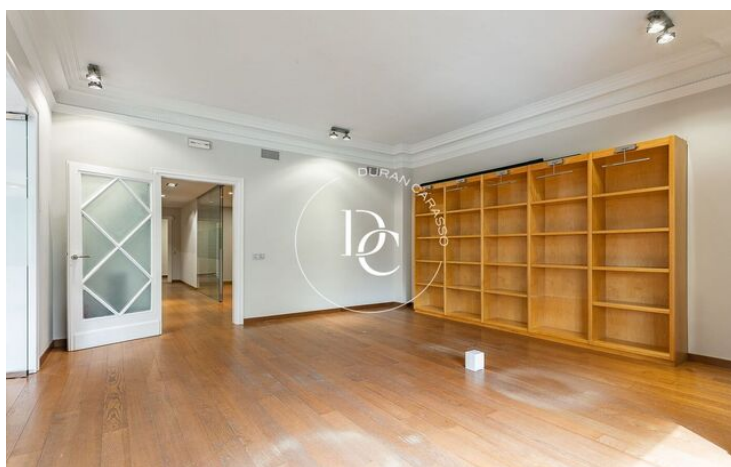

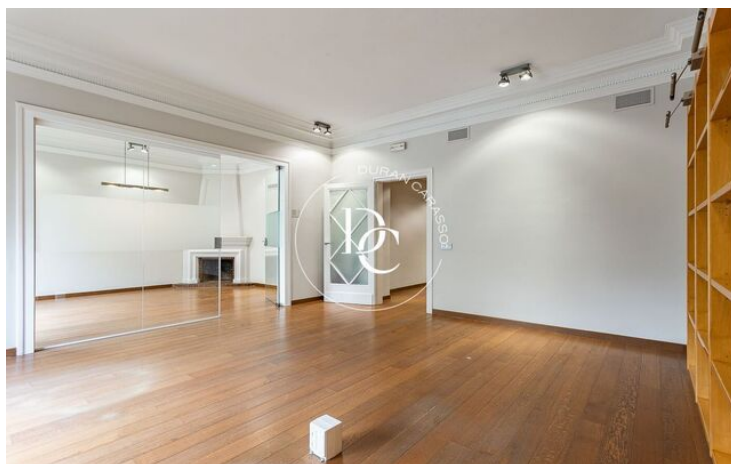

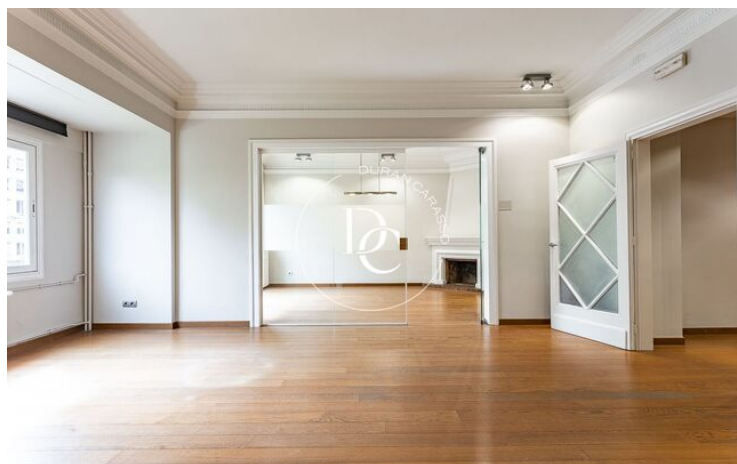

Located in an elegant, classic-style building with concierge service, this majestic 331?m² property, built around 1945, blends the charm of classic architecture with the privilege of living in one of the city's most distinguished neighborhoods.

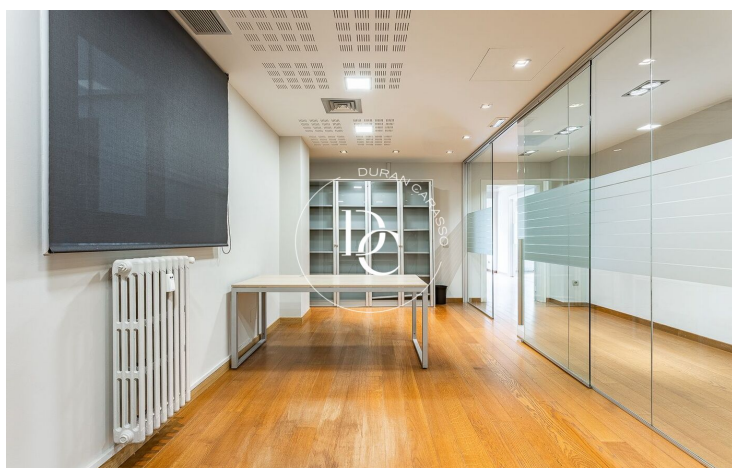

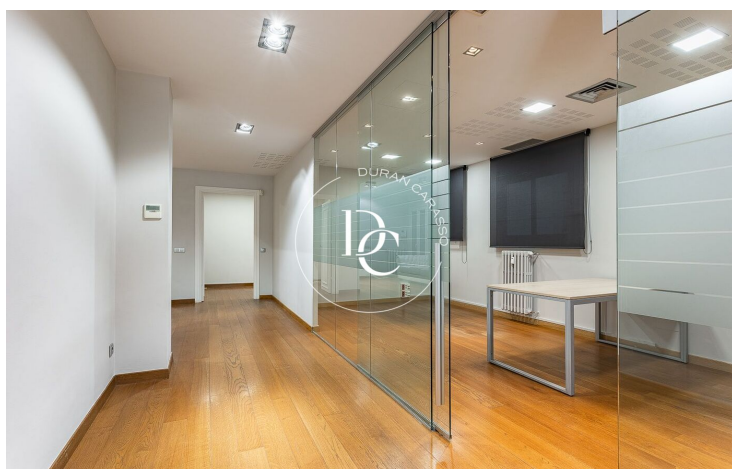

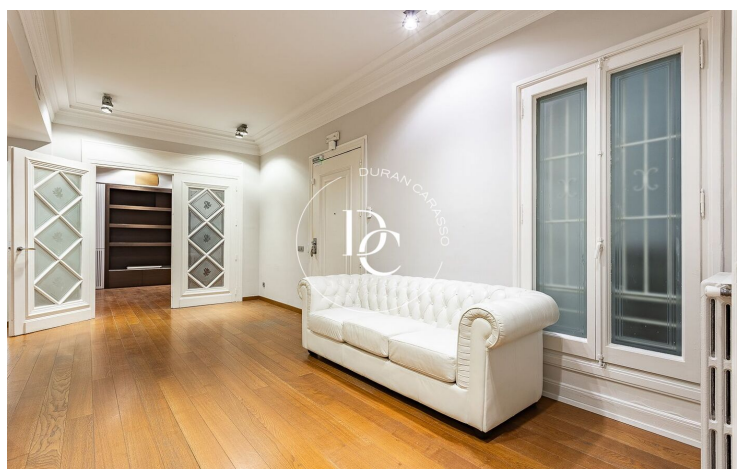

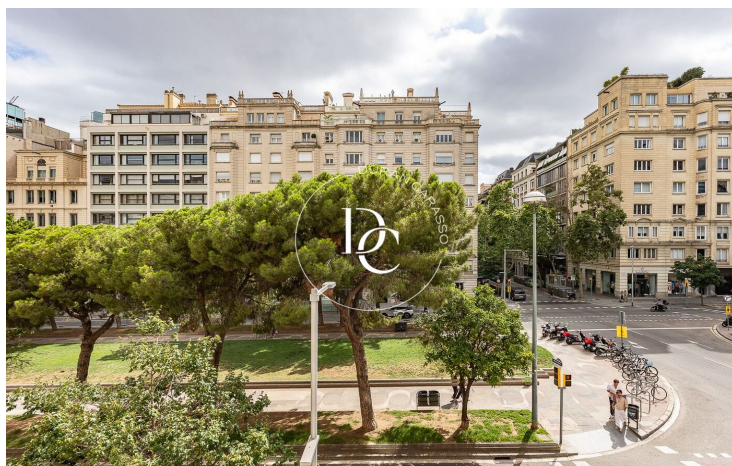

From the very first moment, natural light floods every corner through its stunning large windows, overlooking both the iconic avenue and a quiet inner courtyard. The property stands out for its spacious open areas, high ceilings with original moldings, and large-format windows that add character, history, and distinction.

Currently used as an office, it offers endless possibilities to transform it into a spectacular custom residence. A high-end renovation project is proposed, with the option to convert it into a luxury home with three bedrooms, a study, three full bathrooms, a guest toilet, a large living-dining room, and a separate kitchen. Segregation of the property is also an option.

Among the proposed finishes: marble and porcelain flooring, Silestone countertops, integrated high-end appliances, double-glazed windows, underfloor heating, and a custom fireplace that adds warmth and sophistication.
