The house is perfectly distributed between day area and night area. Through a large entrance hall you access the two living rooms of the house, both with direct access to the terrace. The first of the living rooms has a fireplace and the second is a large, very comfortable space facing, in addition to the terrace, a rear garden patio.

The night area is made up of 4 bedrooms and three full bathrooms distributed as follows: a very sunny 30 m² suite with a dressing room and a great orientation; a suite with dressing room and built-in wardrobes; a large double room also with built-in wardrobes and a single room with access to the patio.
