## Vallpineda / Sitges

Located in one of the most sought-after and residential areas of Sitges, this spectacular home of 450 square meters built on a 600 square meter plot features a classic and nostalgic style, preserving the charm and aesthetics of a bygone era. The use of wood throughout the house adds warmth and a traditional touch, making it a high-quality home with a unique vintage appeal that enhances its authenticity and value.

Upon entering the property, to the left you'll find access to the garage and a wine cellar with the ideal temperature for wine storage. A short flight of stairs leads to the main entrance, where bougainvillea and lush greenery offer a warm welcome.

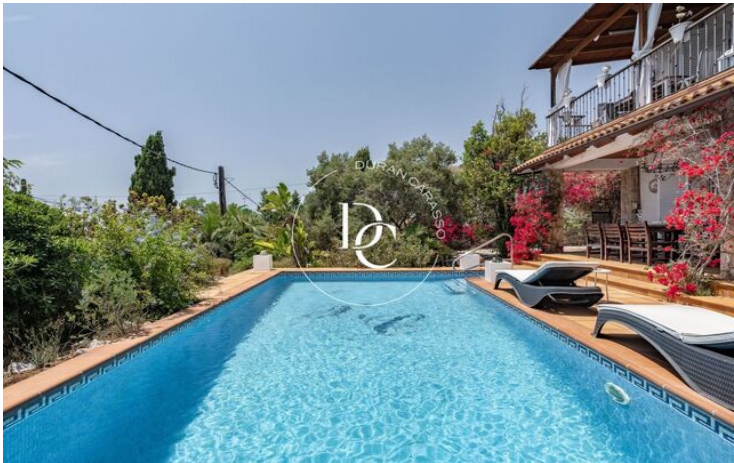

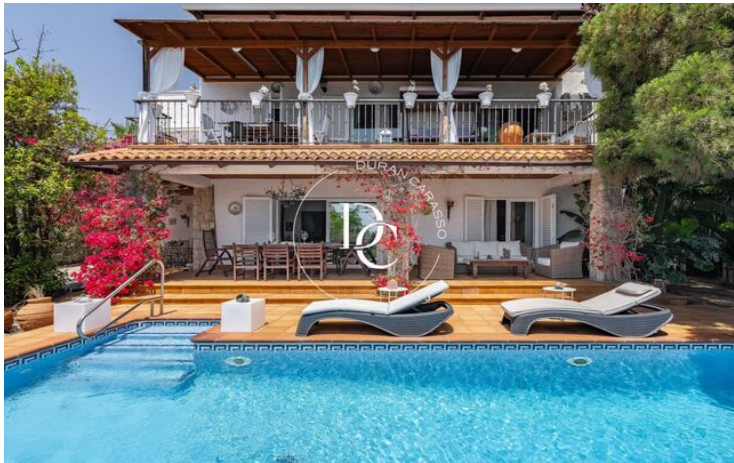

On the ground floor, there is a spacious living room with a fireplace, connected by sliding doors to an elegant dining area that opens onto a beautiful porch and the garden with a private swimming pool. This floor also includes a fully independent kitchen with direct access to the garden and barbecue area, a pantry, a generous laundry room, a guest toilet, and a double bedroom with an en-suite shower.

The first floor features a large office-library, three double bedrooms—one of which is en suite with a large bathroom including a Jacuzzi and shower area. The other two bedrooms share a full bathroom. There is also an additional room currently used as a walk-in wardrobe. All rooms are exterior and open onto a large terrace with stunning sea views.

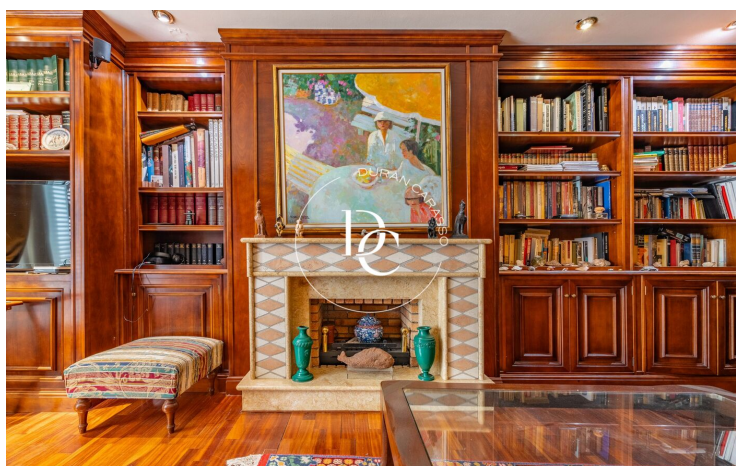

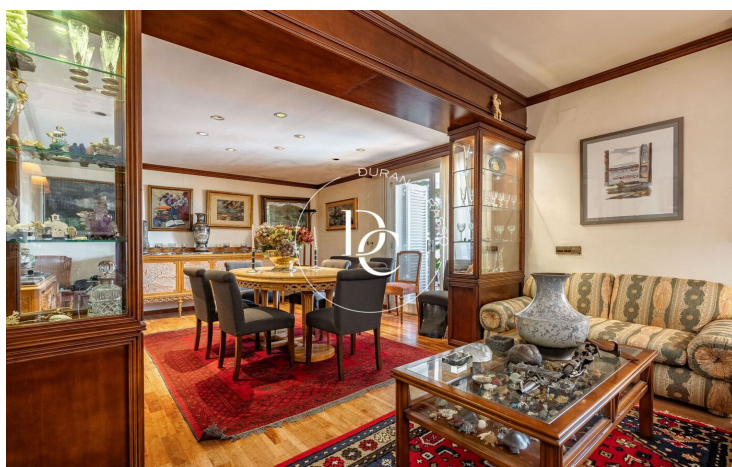

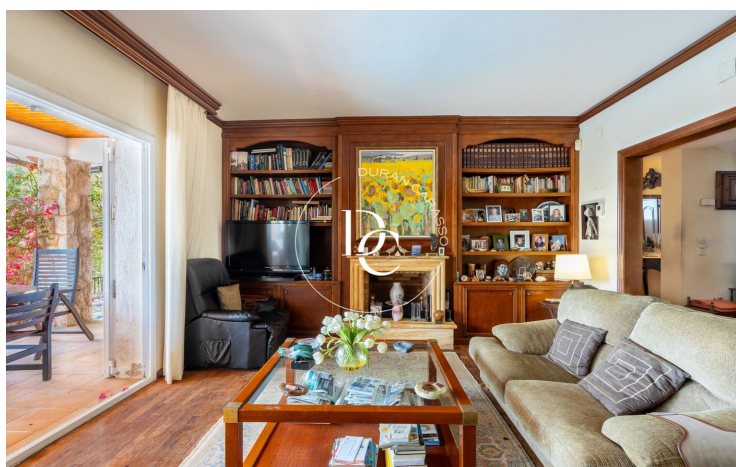

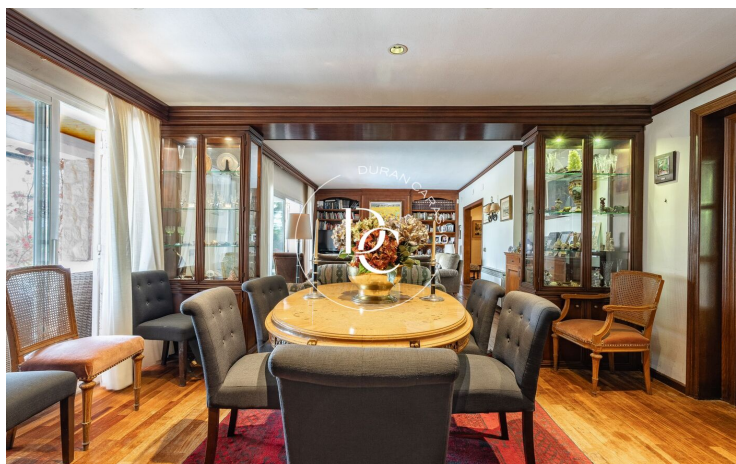

On the second floor, you'll find a spacious multifunctional attic, currently used as a gym, along with a separate office. This level also provides access to a large solarium terrace with a shower, offering complete privacy and spectacular panoramic views.

The garden surrounds the entire property and includes a dedicated barbecue area with a built-in grill, a covered porch with a large dining table for 10 guests, a water area, and a traditional stone oven. From the pool, you can enjoy breathtaking views while relaxing in a truly unique setting.
