Terramar / Sitges

Near the Terramar Gardens, in a very quiet area, is this beautiful house at 4 winds surrounded by a large garden with a swimming pool and lots of vegetation.

From the garden, a beautiful porch welcomes us from where we can enter the interior of the house, accessing the bright living room with fireplace and where there is also a part enabled for the dining room.

On this same ground floor, there is the spacious kitchen. There is also a bathroom and the night area where there are 2 very bright double bedrooms and a bedroom suite.

Returning to the dining room, through some stairs, we can access the upper part where there is a bathroom and a double room with a bathroom and a single room currently used as an office.

A covered parking of about 30m² has just completed the infrastructure of the house.
